University of California
Riverside, CA 92521

Mathematics 146B
Syllabus
Winter Quarter 2020

Instructor: Liwei Chen

Contact Information:

Office: Skye 243

Office Hours: Wednesday 1:30pm-2:30pm, Friday 1:00pm-2:00pm

Email: liweic@ucr.edu

Text: Elementary Differential Equations and Boundary Value Problems, Boyce & DiPrima, 10th Edition.

Lecture: Mon & Wed, 5:00pm – 6:20pm, SPR 1102

Midterm: Wednesday, 2/5/20, during the lecture (SPR1102)

Final Exam: **Saturday, 3/14/20, 7:00pm-10:00pm, (SPR 1102)**

Homework will be assigned weekly and it will be collected in the discussion section. Homework will account for 20 points of the final grade.

There will be 4 quizzes in the discussion sections. The scores for the discussion quizzes will also count for 20 points of the final grade. We will only accept very few reasons for make-up quizzes. Those reasons are limited to: religious reasons, interviews for scholarships, and participation in intercollegiate sports. Please contact your TA if you need a make-up quiz and your excuse falls into one of the categories above.

There will be one midterm exam and one final exam. The midterm will account for 25 points of your final grade, and the final exam will account for 35 points. If you cannot come to any of the exam (midterm/final), you have to make arrangements at least two weeks before the exam takes place. Similar to the quizzes, we will only accept very few reasons for not attending one of the exams. Those reasons are limited to: religious reasons, interviews for scholarships, and participation in intercollegiate sports.

The following is the tentative scale for your final grade:

A+	93 points
A	90 points
A-	87 points
B+	83 points
B	80 points
B-	77 points
C+	73 points

C	67 points
D	60 points

Cheating will be taken very seriously. Every attempt to cheat will give you an automatic “F” for the course. You will not be allowed to drop the course, and your case will be forwarded to the student conduct committee.

Students with Disabilities: UC Riverside is committed to providing equal access to learning opportunities to students with documented disabilities. To ensure access to this class, and your program, please contact the Student Disability Resource Center (SDRC) to engage in a confidential conversation about the process for requesting accommodations in the classroom. More information can be found on <https://sdrucr.edu>. If you are a student registered with the SDRC, please ensure you request your quarterly accommodations through sdrucr.edu.
